

REGUEST TO FINISH THE CONSTRUCTION OF THE HOUSE OF JOSEPH INGATON .

Hello,

I hope you are doing well with the work duties.

I am doing well at work and we hope to have a monthly meeting in December, 2023.

I hope that you have also received reports of video clips and pictures for preparing a report for the sponsor as you gave me information in the last meeting of October, 2023.

I would like to take this opportunity to also request support for the completion of the house that I was building for a long time from the salary I get from Sharelight.

I am asking for support because now that I am married the living costs have also increased and I spend a lot of money to pay the rent every month so I am unable to save money to finish the house and start living with my family.

I built the house slowly with the income I get from my salary. The things remaining to finish the house are **Roofing, flooring, windows and doors**. I have attached pictures of the room through LINK below.

I'm sorry I couldn't tell Missionary Kim about this request. I have sent you directly because I remember you asked me in last meeting where I live now after getting married, I have seen to tell you the truth the challenge I am going through to pay a large amount in renting.

I'm asking for help to finish the house, I would stay there and avoid renting costs and the salary I will get I will support the family with my mother.

Please do not approach me differently if I am wrong to ask for help to finish building a house so that I can avoid rent I am very sorry.

I will be very grateful if my request is accepted.

Thank you.
