

REPORT FOR FOOD SUPPORT & SHARELIGHT DAY PROGRAM.

6 October 2022.

This is a food support program, we normally do it every end of month. We support food for the family which was received houses through the **“Save neighbor project”**.

Lubungo village has a big problem of hunger because the climate change, no enough rainfall people suffer a lot to find something to eat. They don't have money to buy food to feed their family, they depend on agriculture for food and to earn money after selling some crops.

We have another big problem of commodities prices to be exceeded so they still pass through the big challenge.

We have this program in lubungo village for some months ago, we actually help people especially for three families were supported from the program of **“Save neighbor project”**

We hope through this program in future, we will help many people in this village because they real need food support like the way we support them houses through the **“Save neighbor project”**.

We do sharelight day every end of month. In Sharelight day, we do some activities to celebrate the day. The activities that people do in Sharelight day are:

1. Visiting some people who need support like elders after arrive we clean the house also we bring some items to help.
2. Cleaning the village roads, village office and village hospital etc.
3. We use this day to bring all news (Updates) about Sharelight. For example, now we have a new product which is **“Horong”**, people need to know what is going on about sharelight if we have something to share together.

We expect to have many programs to do in this day. It is a begging, in future we plan to have programs.

So, during the sharelight day we also use the day to support some items to the families. This is a good program to help people in lubungo.

We did sharelight day on 2 october 2022. This share light day and food program is for September 2022, in September we didn't do sharelight day because we had many staffs do. We plan to have sharelight day and food support for this October 2022.

The ceremony was good. We cleaned the church environment and to give them 1bag of corn flour and 1 bag of dry fish to each family.

Thank you.
